

CONTAINER CATALOG

Kitchens & Bars

We convert 20ft and 40ft containers into stylish, fully equipped kitchens and bars. Designed for efficiency and comfort, each unit comes with all the essentials for food prep, storage, and service—perfect for commercial use, events, or private spaces.

Accommodation

We convert containers into comfortable, modern living spaces. From single homes to larger setups—by combining multiple units—we create versatile solutions for houses, dorms, hostels, and more.

Offices and businesses

Our 20ft and 40ft containers can be customized into professional offices, business stalls, clinics, and other workspaces. Each unit is tailored to your needs, designed to boost functionality and enhance your business presence.

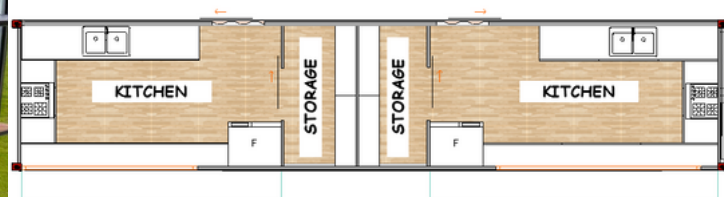

Ablution and Storage

We transform containers into fully functional washrooms, toilets, and laundry spaces fitted with all essential fixtures and amenities. For storage, we design secure and spacious units to safely house your goods and equipment.

KITCHENS & BARS

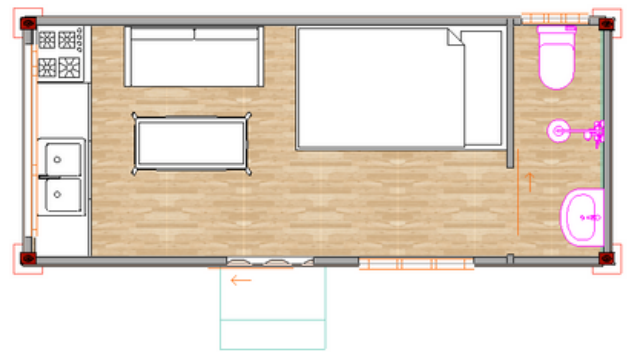

40 ft adapted into a dual-kitchen layout, with each kitchen unit equipped with an independent storage area to ensure optimized workflow and separation of functions
